September 28, 2023

CONSHOHOCKEN, Pa., Sept. 28, 2023 (GLOBE NEWSWIRE) -- Madrigal Pharmaceuticals, Inc. (Nasdaq: MDGL), a clinical-stage biopharmaceutical company pursuing novel therapeutics for nonalcoholic steatohepatitis (NASH), today announced that it has commenced an underwritten public offering of \$500 million in shares of its common stock and, to certain investors, pre-funded warrants to purchase common stock. All of the shares in the proposed offering are to be sold by Madrigal.

Madrigal intends to use the net proceeds from this offering for its clinical and commercial activities in preparation for a potential launch of resmetirom in the U.S. and for general corporate purposes, including, without limitation, research and development expenditures, clinical trial expenditures, manufacture and supply of drug substance and drug products, potential acquisitions or licensing of new technologies, capital expenditures and working capital.
